Celebrating 28 Years of Delivering Excellence and Changing Lives

The Caregiver Resource Center is proud to announce this month; we are celebrating 28 years of service to the community.

In 1990, Linda Ziac had a vision of creating a place where seniors, people with special needs and their loved ones could turn for support, find answers to their questions, and engage trained professionals to help them navigate the often confusing and overwhelming healthcare maze.

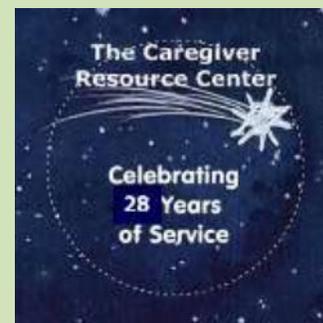

The Healthcare Maze

Over the years, there have been remarkable strides made in the world of healthcare.

As medical science becomes more comprehensive, it can be difficult for a person to make sound care and quality of life decisions. The ability to understand diagnoses, diagnostic tests, medical treatment options, and medications; along with understanding insurance benefits, coverage, deductibles and co-pays, can quickly become overwhelming.

The challenges of caring for a loved one and navigating “the maze” is not only daunting, but also has the potential to negatively impact on the person; if there isn’t a clear plan, understanding, and direction.

Don't Become a Statistic

Are you one of the 78% of Americans who are unprepared should a medical emergency strike?

According to the File of Life.org

- 116 million Americans are involved in an accident each year
- 50% of people suffer with chronic illnesses such as high blood pressure, diabetes or asthma
- 58% of all 911 calls involve a senior

Healthcare Road Map

The Caregiver Resource Center's goal is to work with clients, their family and healthcare professionals to assess, plan and implement ways to allow for the client's greatest degree of health, safety, independence, and quality of life.

This process involves identifying a client's abilities and needs, and helping to design a care plan (road map) that is composed of a spectrum of services, that best meets the unique needs of that particular client.

Clients or loved ones can call The Caregiver Resource Center to discover the options and services available that for 28 years, have helped many find their way through the Healthcare Maze.

A Message from Linda Ziac

Professional, Board Certified Case Manager, and Board Certified Dementia Practitioner. In addition, Ms. Ziac has 15 years of experience coordinating care for her own parents.

Linda assists seniors, people with special needs and their families; in planning for and implementing ways to allow for the greatest degree of health, safety, independence, and quality of life. Linda meets with individuals and family members to assess their needs, and develop a Care Team, while working with members of the Team to formulate a comprehensive Care Plan (a road map).

Once a plan is in place, Linda is available to serve as the point person to monitor and coordinate services, and revise the plan as needed. This role is similar to the conductor of an orchestra; ensuring that there is good communication, teamwork, and that everyone remains focused on the desired goal.
